19 TAKE TO ART

For the past year, art gourmets in Switzerland, France and Germany have been treated to the bite-sized delights of a touring exhibition in aid of *Expo 02*, the *Swiss National Exhibition*. Designed by Nicolai Baehr in Starnberg, the pavilion features a taste of the five works of art which will be on show. The sites of Bienne, Morat, Neuchâtel, Yverdon-les-Bains and Jura will host pieces tackling hefty issues such as power, freedom, nature and artifice. But there's nothing weighty about the contribution by American designers Diller & Scofidio. Their 'cloud' is a masterpiece of hidden scaffolding, where 31,400 jets spurt a mist of lake water. The show runs from 15 May to 20 October.
